

## Value Creation Thinking (Hardback)

By Bartley J Madden

Learning What Works Inc., United States, 2016. Hardback. Condition: New. Language: English. Brand new Book. "In a world where short-term thinking has taken hold for too many managers and investors, Value Creation Thinking provides a much needed perspective on the key drivers of long-term value. Madden unites the fundamentals of financial valuation with a unique emphasis on corporate purpose, culture, and knowledge. Based on decades of research and practice, Value Creation Thinking sheds light on enduring sources of competitive advantage and exposes how traditional business thinking and accounting practices often distract managers and investors from sustained performance. By speaking the language of both shareholders and stakeholders, Madden provides an important contribution to our understanding of capitalism at a critical moment, and an illuminating roadmap for the future of business." -- Dominic Barton, Global Managing Director, McKinsey & Co.
